

REAL FRONTIER FISHING MEANS SPECTACULAR TRIPLE TROPHY ACTION

The Outpost offers spectacular action on nymphs and dries for all Three Trophy fish. This is real frontier fishing – the entire stretch of water sees fewer than 40 fishermen a year. If you're looking for an incomparable light-tackle or fly-fishing experience, the Outpost can't be beat.

It's not the Ritz, but our spacious Outpost cabin will comfortably accommodate up to six guests and is complete with linens, solar-electric lights, running water, full bathroom with flush toilet, solar hot-water showers, screened-in porch, gas heat and stove, fridge, food, fuel and three 16-foot "deep V" boats with 20-hp outboards, plus a spare motor, just in case. For convenience and safety, there's a satellite telephone for contact with our main lodge.

"KASBA LAKE LODGE ASSURED US THAT WE COULD CATCH ALL THE LAKE TROUT WE WANTED ON FLIES. THAT TURNED OUT TO BE A CLASSIC BIT OF UNDERSTATEMENT."
